In the online version of the original publication [1], there is an error in the caption of figure 8. The correct version can be found below.

Incorrect version:

Figure 8 Monthly diving depth for six tagged Atlantic salmon, with median diving depths given as solid lines, and whiskers representing the first and third quartile. Mean diving depths are given as green diamonds. Depth of the mixed layer is superimposed as a solid grey line (tag IDs are given above plot panels).

Correct version:

Figure 8 Monthly diving depths for six tagged Atlantic salmon, with median diving depths given as solid lines, and boxes representing the first and third quartiles. Mean diving depths are given as green diamonds. Depth of the mixed layer is superimposed as a solid grey line (tag IDs are given above plot panels).
